Sir:

Pursuant to 37 C.F.R. § 1.181(a), Applicants hereby petition to withdraw the holding of abandonment based on Applicants' having timely filed a response to the April 18, 2005 Office Action in the above-identified application.

Applicants filed an Amendment in response to the Office Action on July 15, 2005. Appended hereto is a copy of the Amendment as filed and a copy of the dated postcard receipt. However, this Amendment transposed two digits in the serial number, although the inventor's name, title of the invention, Examiner's name and Art Unit are correctly identified to enable the clerk to match the Amendment with this application. In view of this clerical error and Applicants' timely filing of the Amendment, Applicants request the Amendment be accepted and the Notice of Abandonment withdrawn.

In the alternative, Applicants hereby Petition to Revive an Unintentionally Abandoned Application Pursuant to 37 C.F.R. § 1.137(b). Applicants, through their attorney, state that the entire delay in filing this Petition and the reply to the Office Action from the date of the Office Action to the date of filing this Petition was unintentional. Applicants timely filed the Amendment in response to the Office Action, which through a clerical error was not placed in the correct application file.

Also accompanying this Petition is a Request for a three-month extension of time to respond, and an Amendment responding to the Office Action. The Amendment is submitted to reply completely to the Office Action and place this application in condition for allowance.

This application was filed after June 8, 1995 so that a Terminal Disclaimer is not necessary.

The Commissioner is hereby authorized to charge all fees in connection with this Petition to Revive, and the response to the Office Action, including any extension fees, to our Deposit Account No. 18-2220.

Respectfully submitted,
